**CHAPPLE ENDOWMENT** – John H. Chapple, president of Hawkeye Investments, LLC of Kirkland, Wash., recently visited with Northland College President Karen Halbersleben at the Northland College campus. The college recently received a \$1.25 million gift from Chapple to establish and endow the Chapple Family Chair in Business Ethics and Social Responsibility. “There’s a whole family heritage in Ashland and a very strong connection to Northland College,” Chapple said. “It’s always been part of the family’s culture to give back. Fortunately we’re in a position to be able to do that.” Chapple’s great-grandfather and grandfather were editors of The Ashland Daily Press, and his father, a Northland College graduate, was the president of the college’s class of 1955.
